### THE GREAT KNOWLEDGE ACCELERATION: BRIDGING GENERATIONS IN THE AI ERA

- Business leaders stand at a critical inflection point, where preserving human intelligence is as crucial as embracing AI innovation.
- With digital natives (Gen Z and Millennials) representing nearly two-thirds of the workforce and 10,000 Baby Boomers reaching retirement age daily, the transformation challenges facing organizations are unprecedented. Yet few organizations feel prepared to address this challenge – creating both urgency and opportunity to revolutionize how we amplify organizational excellence.
